

You can pre-register NOW
to ensure you are ready.

How do I pre-register?

1. Gather your business information so you have it ready.
2. Go to our website:
BeRegisteredBeReady.ca
OR wsib.on.ca/eServices
3. Click pre-register. It takes about 15 minutes to enter the required information.
4. You will get a confirmation number as proof you pre-registered.

We will contact you to convert your status to an active account by January 1, 2013.

As of January 1, 2013, your account number qualifies you for a clearance until the end of your first reporting period only.

You can then use our convenient ePremium service to report your earnings and pay your premiums by your due date.

Getting WSIB clearances is essential to working in construction in 2013.

No coverage means no clearance.
No clearance means no work*.
It's just that simple.

*Some exemptions apply.

**WSIB clearance certificates
mandatory starting January 2013**

No clearance = no work*

- Principals must get a clearance before contractors/subcontractors can begin construction work.
- Contractors/subcontractors must have WSIB coverage, report and pay their premiums on time so they are eligible for a clearance.

Pre-registration is available 24/7 on our website
www.BeRegisteredBeReady.ca

More questions? We're here to help.

Call the WSIB
Monday to Friday, 7:30 a.m. to 5:00 p.m.

416-344-1000 or Toll Free: 1-800-387-0750.
Select option "3" to connect with the
Employer Service Centre.
